Greyhounds Australasia (GA) acknowledges the announcement by NZ Racing Minister McAnulty yesterday, in relation to the future of Greyhound Racing in New Zealand.

GA commends the ongoing efforts of Greyhound Racing New Zealand (GRNZ) and the Racing Integrity Board (RIB) (NZ), which are dedicated to continuous improvements across welfare, safety and accountability.

These steadfast energies have laid a solid foundation for a sustainable, modern Greyhound industry in New Zealand and were substantially documented in GRNZ's submission to Minister McAnulty. A submission which appears somewhat unaccounted for in present discussions.

The GA Board and its Member jurisdictions are committed to supporting GRNZ and the RIB and look forward to collaborating with the NZ industry, its stakeholders, including Minister McAnulty, to deliver a sustainable future for Greyhound industry in NZ.
